

Handling Specialty Color Selector

Our motto is: "We build big things to help our customers build big things."

We have built our reputation on providing unique, custom-engineered material handling and industrial automation solutions that stand the test of time. Our problem-solving abilities have allowed us to achieve success in many sectors, including aerospace and defence, automotive, entertainment, rail/transportation, energy, process industries and advanced manufacturing industries.

That's why we've partnered with PPG, a global coatings and color leader, as one of our key suppliers of fast-drying industrial enamels. PPG's SPECTRACRON® 110 Series topcoats have undergone extensive research, development and testing, and have been field-proven to ensure they provide the adhesion, protection and durability needed for any system.
